OUR CITY SCHOOLS.

The Midsummer Examinations—Hillside Avenue and Central Schools.

List of Prizes Awarded and Promotions—Satisfactory Progress.

The examination of the junior divisions of the boys and girls' departments of the Central school took place this morning. The divisions examined were the sixth, seventh and eighth of the boys and the sixth and seventh of the girls. About forty visitors were present to witness the programme which was very nicely rendered. The little boys and girls did their parts well and showed careful and patient training by their teachers. At the conclusion of the programme the prizes were presented by the Rev. Dr. Reid who, as he is wont, made a few kind, encouraging remarks to teachers and pupils. Below the prize lists, promotions, etc., are published. The promotions generally give a fair indication of the success of the teacher's work, and judging by the number who have "passed up" this term, there has been a great deal of hard, earnest work done during the last six months.

THIS AFTERNOON.

Three other divisions of the boys' and three divisions of the girls' school were examined this afternoon. The third, fourth and fifth divisions of the boys were put to the test and the corresponding divisions in the girls' school. In the boys' room the exercises were short but interesting, the exhibition by Miss Todd's class in oslisthenics, deserving a special mention. In the girls' room a neat programme was performed before an audience of about fifty visitors. Hon. Mr. Robson was present for a short time; also, Supt. Pope, Trustees Heisterman, Wolfenden and Mallandaine, Revs. D. Fraser, M. L. Rogg, Mr. Anderson and a large number of ladies. After the prizes had been presented the usual congratulatory speeches were made by the gentlemen present, in which probably nothing was said that was not deserved by the faithful teachers.

HILLSIDE WARD SCHOOL.

The Closing Exercises this Morning—Great Interest Shown.

Much greater interest was shown in the examination of the Hillside ward school this morning than is usual on such occasions, which is accounted for by the well-known popularity of the teacher and the fact that she was about to sever her connection with the school. There were probably between seventy and eighty visitors present, principally ladies, parents of the children, when the school opened, who with the children in attendance occupied pretty nearly all the available space in the school room. The orderly manner in which the children

GENERAL DISPATCHES.

Cronin Murder Case Developments—San Francisco Schooner Lost.

The Sublime Porte and Triple Alliance—Accident and Loss of Life.

By Postal Telegraph.)

Paris, June 25—The Chamber of Deputies to day became again the theatre of violence and disorder, when M. Lauder's, Boulangist deputy, sought to introduce an interpellation, calling attention to the violating by the government of the rights of parliamentary immunity at the arrest at Argenteme. He suggested that it would be advisable to defer consideration of the interpellation until Friday. An exciting debate ensued, in the course of which M. Montejou denounced the interpellation and warned the republicans that they were falling into the pit dug for them by their own enemies. At this deputy Lejeune at the top of his voice, shouted "Canaille." A great uproar followed, and very soon the Chamber was utterly bereft of all semblance of order. From frantically howling at one another, the deputies began to shake their fists at each other, and when even this safety valve for escape for their pent up wrath became insufficient, scuffles ensued, and in several cases deputies paired off to have it out with one another with their fists. The combatants were in no wise restrained by the conventional rules for the government of fistic encounters, and so they not only punched one another's heads, but where the nature of the case seemed to favor such a course, hair and beards were pulled and faces scratched up. This scene lasted fully ten minutes, and even after order was partially restored in one part of the chamber, the ushers had to be despatched to another part to separate other combatants more persistent than the rest. When finally all the deputies had resumed their seats, Le Jeun, whose exclamation had precipitated the disgraceful scene, apologized for his language. He was, nevertheless, censured by the chamber and excluded, after which consideration of the interpellation was postponed until Friday.

The Postmaster-General has instituted criminal proceedings against Mr. J. A. Corbeil, of Montreal, for controverting the Postal Act by conducting the private delivery of letters within the city for one cent apiece. Corbeil has a large staff of carriers and was doing a rushing business when the postal authorities stepped in.

THE CRONIN MURDER.

Chicago, June 24—Despite his vigorous denials to-night, it is positively known State's Attorney Longenecker has received important information regarding the plot of which Dr. Cronin was the victim. This information came to him in a letter unsigned, but which contained many statements outside of the main issue, which convinced the officials that it could be relied upon. It states in effect that Cronin was tried in February by the inner circle of camp 20, (John F. Briggs presiding), was found guilty of being a British spy, and sentenced to death. Instead of calling for volunteer "removers" lots were drawn, the name of every man present being written on slips of paper. The names of those selected were not made known at the meeting. The only one of the participants who had definite knowledge of the point was the man whose duty it became to notify those upon whom the choice had fallen. The man, according to the letter, is John F. Briggs. The State's Attorney is moving heaven and earth to-night to discover the writer, and is willing to promise him immunity and ample protection if he will come forward. The grand jury this afternoon suddenly took up the Cronin case and issued an order for Briggs' appearance. The officers searched for him, but he could not be found. Later the State's Attorney went before Judge Shepherd and secured an order directing Postmaster Sexton to produce before the grand jury all applications for money orders on registered letters and all other information which might have a bearing on the murder. It is said late to night that the police are on the track of some individuals that attended the trial, and Briggs will be arrested, if found, to-morrow. Luke Dillon is quoted as saying to-day that the police have another suspect under surveillance, of whom nothing yet has been said. He is a Californian, has a lucrative business and enjoys an excellent reputation. This man who he believes is the original "Simonds," is, he says, the last man in the world that would be suspected of such a crime.

CHANGED HANDS.

New York, June 26—J. H. Winchester & Co., shipbrokers, South street, purchased the ship Portland Lloyds at present lying at San Francisco. The price paid is $25,000.

A JUST CONVICTION.

Atlanta, Ga., June 26—In the Superior Court, Tom Woolfolk who murdered his family consisting of five persons, was convicted of murder in the first degree.

JACK THE RIPPER, PERHAPS.

London, June 26—The identity of the woman whose body was recently taken piecemeal out of the Thames has been established, several persons having recognized her by the clothing in which parts of her body was wrapped and by peculiar scars on her arms. She was named Elizabeth Jackson, a frequenter of common lodging houses in Chelsea and virtually a prostitute. She was known to be alive May 31st. Identification has revived the cry that she was another victim of Jack the Ripper.

WOMAN HANGED.

Philadelphia, June 25.—Mrs. Whiteley, who poisoned her husband and two children, was executed this morning. The drop fell at 10:07.

THE FATAL DROP.

Wilkesbarre, Pa., June 25.—Red Nose Mike was hanged at 10 o'clock this morning for murdering paymaster McClinrs. Nothing of a sensational nature in connection with the execution. The body was cut down at 20:18 a. m.

SUNSPOT HELD.

San Francisco, June 25.—The San Francisco, from a Chicago dispatch says the police have under surveillance on suspicion of a connection with the Cronin murder, is thought to be Maurice Welch, a famous Fenian and for many years a warm friend of Luke Dillon.

HONORS TO THE KENDALS.

London, June 26—Joseph Chamberlain, M. P., has accepted an invitation to preside at the farewell banquet to be given to Mr. and Mrs. Kendal, the theatrical artists, on the eve of their departure for America.

GERMANY'S NEXT MOVE.

London, June 26—The Cologne *Gazette* intimates that Germany will take precautionary measures on the Swiss frontier in July, unless some guarantee is given that socialists and nihilists shall not be allowed to plot against Germany's peace on Swiss territory, and that dangerous persons shall not be permitted to cross the frontier into German territory.

RATHER EQUIVOCAL.

London, June 26—In the Parnell Commission to-day, Mr. Sexton, Mayor of Dublin, was called to the stand. He declared boycotting was a necessary evil and he would not say he was opposed to the principles of Fenians.

M. P. DEAD.

London, June 26—Walter Rice Howell Powell, member of Parliament from West Carmarthenshire, is dead. He has represented his county in Parliament since 1880.

THE DERBY.

London, June 26—At Newcastle and Gasforth Park, summer meeting, 1½-day the race for the Northumberland Plate was won by Drizzle; King James, 2nd; St. Martins 3rd. Seven horses ran.

ATTEMPTED BLOWING UP.

Boston, June 26—An attempt was made to blow up the hospital of Harvard University yesterday. Several dynamite cartridges were set in a pasteboard frame and placed on a window sill of the basement window. Separate fuses led from each cartridge to one common fuse. The large fuse burned up to a point where the small one joined. This common fuse had been fired, but on account of the dust and windings of the fuse it had failed to burn. A quantity of kerosene was strewed over and around the smaller fuses as if to make sure of an explosion when the spark should reach that point. No reason can be assigned for the attempted destruction of the building.

PITT 'TIS NOT TRUE.

New York, June 26—Supt. Billings, of the Pullman Palace Car Co., denies the rumor that on July 15th all colored porters on all of the company's routes will be replaced by white men, and that the system of tipping will be stopped. He says some Canadian paper recently contained an article to the effect that the company had agents in England engaged in securing substitutes for colored men. The superintendents had a meeting in Chicago last month and nothing pertaining to the subject was proposed or discussed. Mr. Billings declares himself in favor of colored men for car porters.

FRENCH CONVICTS.

Paris, June 26—It has been reported recently that the escapes of convicts from New Caledonia have reached large proportions, but M. Hardon, Governor of that colony, in his report just addressed to the Under Secretary of the Colonies, does not mention any such fact. On the contrary, he says the penal institutions are entirely quiet and great agricultural activity prevails in the colony. He mentions the escape of a single convict recently, but he was captured after a short absence and was returned to the prison and punished.

LOSS OF LIFE

Pittsburg, June 26—At 2:30 this morning, three freight trains were wrecked on the Pennsylvania Railway about a mile east of Latrobe. Two freight trains were telescoped and caught the east bound train just as the latter was passing. Twenty-five cars and two engines were wrecked. One of the engines with several cars rolled over an embankment and fell into the river. Six persons were killed, another fatally injured and several others more or less severely injured. The list of the killed may be largely increased, as it is believed all of the bodies have not yet been recovered.

The killed are: Engineer Caldwell, his fireman and four persons whose names are unknown, but who are supposed to have been tramps. Brakeman Miller was fatally injured. Misunderstanding in train orders upon the part of the train dispatcher is supposed to have been the cause.

RUSSIA'S NEW RIFLES.

St. Petersburg, June 26.—The *Grashdanin* says the Russian army is to be supplied with new rifles made in France after the latest model.

THE SUBLIME PORTE.

London, June 26.—The *Cologne Gazette*, reviewing her recent proceedings for her own protection by Turkey and hinting at negotiations in progress, says that in certain events the Sublime Porte would join the triple alliance.

MINISTER TO GERMANY.

Washington, June 26.—The President has appointed William Walter Phelps, of New Jersey, Minister to Germany.

PROBABLY LOST.

San Francisco, June 26—The sealing schooner "Annie," which left here four and a half months ago, has been given up for lost. She was commanded by Captain John Jacobson and carried a crew of eleven men. Not a word has been heard from her nor has she been seen since leaving port. Several schooners which left here about the same time as the Annie have reported encountering severe gales when a few days out, and it is not improbable that the Annie foundered during one of them.

HANLAN GOES EAST.

San Francisco, June 26.—Ned Hanlan, the oarsman, went east last night. He will probably make a match with Gaudaur at St. Louis.

SPORTING NEWS.

Aquatics—Baseball—The Ring—Kilrain the Favorite.

O'Connor and Fred Mosop sailed for England to-day on the White Star steamer Germanic.

"There never has been a boat race on which more money will be bet," said ex-champion Hanlan. "The Australians think that no man that ever lived can beat Searle, and they are the people of all others to back their men. They are the greatest sporting people in the world. Why, when Beach beat me they came down and gave him about $10,000. He is well fixed now and worth about $50,000. Searle has only been before the public a year and he has already made quite a stake. I would have left Australia four months sooner but for Teemer. I matched him to row Searle for $2,500 a side and put up a forfeit of $500, which I lost, as I never heard from Teemer, although he wrote to me that he would go to Australia if he had to swim. Had he come out he would have got a fine reception and come home many thousand dollars in pocket even if he lost, for he could have got big gate money."

BASE BALL.

On Monday next the Amities will play ball at Vancouver with the Kamloops nine.

The James Bays and Vancouvers will play for a $50 prize on Tuesday morning at Vancouver.

On Saturday afternoon the James Bays and Mayflowers will meet in the Caledonian grounds to decide the eighth game of the series.

THE PRIZE RING.

Betting on the Sullivan-Kilrain fight is decidedly in favor of Kilrain, odds of two to one and in some instances of three to one being laid against Sullivan. An ardent admirer of Kilrain wants to bet $1,000 each that his man will get the first blood, the first knock-down and the fight in less than thirty rounds. No one has taken him up as yet.

Prof. Huxley has penned a brief autobiography. He says he was well christened Thomas, as he always liked the doubter, but his earliest ambition was toward the Church. His first post-mortem was made when 14 years old. The dissection poison nearly killed him, and laid the seeds of hypochondriacal dyspepsia. As the Beagle voyage made Darwin a naturalist so the Rattlesnake voyage, as a navy surgeon, made Huxley what he is.

TO THE TIMES ONLY.

An Insane Manitoba Farmer Shoots his Wife and then Suicides.

Toronto Rubber Company Enter An Action for $50,000—Prisoner Committed.

(Special to The Times.)

Elkhorn, Man., June 26.—Wm. McDermott, farmer, last night while in an insane condition shot his wife with a small revolver in three places, in the left shoulder, the left breast and the left chest. He then rushed out of the house, but returned and asked his wife to forgive him. Half an hour later he asked her to die with him, and she prayed him on her knees to spare her. He fell asleep and the woman, leaving a babe by her husband's side, fearing to raise him again, stole across the prairie to the house of a neighbor, McDermott, after she left, must have had another attack, and missing his wife, went to a stable where he was found hanging, quite dead.

ARRESTED FOR HORSE STEALING.

Winnipeg, June 26.—Burke, the Cronin murderer, comes up for trial to-day.

J. T. Cutle, of Calgary, was arrested here to-day charged with stealing 60 horses. He will be taken to Calgary to-day. The crime was committed three years ago.

COMMITTED FOR TRIAL.

Kingston, June 26.—At the police court, Deputy Postmaster Burns was committed for trial on a charge of taking $382 from Mrs. Love for a deposit in the Savings Bank, and afterwards appropriating that amount of Her Majesty's fund to his own use.

ACTION FOR LIBEL.

Toronto, June 26.—The Toronto Rubber Company has issued a writ against the Gutta Percha Company for a libel suit, asking $50,000 damages. The alleged libel was contained in a telegram sent to British Columbia, in which the latter company sought to injure its character in the province named.

REVELSTOKE NEWS.

The Mining Interest—Kootenay and Big Bend Districts.

The post office was removed on Friday last from the provincial building to the quarters fixed for its accommodation two doors east of the Central hotel, and nearly opposite Mr. Valentine's residence.

Alex. McKinnon, of Illecillewaet, has been here negotiating with the Smelter Co. He will begin work on the Maple Leaf, and get out one hundred tons as a commencement of business with them.

The steamer Marion has been successfully launched, and the machinery will be put in without delay. In a few days she will be ready for business on the Lower Columbia.

Mr. J W Haskins will start on Monday to make a thorough examination of all the mines on the Upper Columbia, and to make contracts for ore for the smelter. He will also spend some time in general explorations in the district.

Wm. Pearce, Dominion inspector of mines, has been in town here this week on a confidential mission for the government, taking copious notes in regard to the ownership and occupation of townsite property, with a view of settling as soon as possible the titles which have been in question between the Dominion and Mr. Farwell, who believes that his patent from the province ante-dates all other claims, and ought to be sustained. The future of Revelstoke is much involved in this confusion of titles, and we hope something will be done speedily to effect a settlement.

Capt. Armstrong, of the Kootenay Mail Line, running from Golden south to Windemere, reports that the canal is progressing favorably, and the excavations all completed. Pumps of sufficient power have been obtained, and the lock timbers can now be laid. It is expected that the whole improvement will be entirely finished in about four weeks.

The prospect that the Revelstoke smelter will soon be in operation is giving encouragement to the miners to develop their claims. Large quantities of ore will be ready for shipment as soon as the smelter can receive it. The steamboat line proposes to make a very low rate on ore from all points on the Columbia river to Golden, one dollar a ton, and the C. P. R. then takes it at a special favorable rate to the smelter.

Mr. W. A. Jowett returned from Big Bend on Tuesday, where he has been looking over the various mining properties for the last six weeks. In answer to inquiries, he reports things in the Big Bend country very quiet. There are only sixteen white men working the whole country north of Revelstoke; seven at McCulloch Creek at Gray's, Mr. Glover at French Creek, Mr. Wallace and his four partners on the Columbia above Smith Creek, two at Carne's Creek and one prospector. The trail is in bad condition from fallen trees in places, and the bridge at Downie's Creek is swept away, making it necessary for the packer, Mr. J. Dunn, to build a raft to get the goods across the creek. A trail is also wanted from seven mile tree to Gold Stream Mouth. On June 8th snow was 6 feet deep in Ground Hog Basin above McCulloch town, although the weather had been very hot for several weeks.

THEY CANNOT VOTE.

An English Synod Refuse Women the Right to Vote.

Montreal, June 21—At a meeting of the diocesan synod to-day a lively discussion occurred on the question of whether women should be allowed to vote at the vestry meetings. Chancellor Bethune explained that it was an open opinion as to whether in the church formularities act, in the resolution, passed yesterday, as to the constitution of vestries women were included, and moved that the "person or member," whoever it appears, shall be deemed to signify male sex. A very animated discussion followed. Finally Canon Davidson submitted an addition, "That this interpretation shall not be understood to refuse widows and single women a right to vote in parochial vestries." This was negatived, and the resolution of the chancellor by 7 majority, four clerical and three lay. Dr. Davidson's anti-Jesuit resolution was adopted after discussion by a vote of 76 for and 29 against.

Mary Anderson is said to be regaining her nervous poise in London. Her avoirdupois, however, is still insignificant.

Look out for your rubber boots. A Yale sophomore is very seriously ill in New Haven, his blood having been poisoned by the aniline dyes of the lining of his rubber boots.

By a month's engagement in San Francisco Booth and Barrett cleared something over $100,000. They are two of the few men who do not envy the rich and thrifty baseball pitcher.

An Australian, who was hanging to the beam of a bridge and realized that he must fall, made a verbal will so as to maximize, disposing of about $50,000 worth of property, and the fourth have vetoised it.

DISPASSIONATE SPECTATORS.

Our morning contemporary still holds to the view that the policy of the government should be the effect of public opinion rather than that public opinion should be the effect of the policy of the government. Of course the Colonist does not say so in as many words, but in attempting to lessen the force of our charges that the government is too cowardly to formulate and stand by a policy of their own, it plausibly remarks that the proper attitude of a member of the government, (meaning the veiled prophet) is that of a dispassionate spectator. This is a most remarkable remark for a newspaper to make and particularly of a Tuesday morning, it being supposed that the author has taken a rest, and that the haziness of his conceptions had somewhat cleared. What would we think of the Rev. Mr. STARR, if before posing as a reformer he should have undertaken to ascertain the drift of public opinion? What would we have thought of Sir JOHN MACDONALD had he anticipated the Jesuits Estate question by fomenting a controversy, so that he would have known for a certainty whether to disallow it or not? But we need not multiply instances as showing the fallacy of the "dispassionate spectator" business, as relating to the attitude of a member of the government or the whole government. Such reasoning is too shallow, having no force except to lend emphasis to the charge that the government is constantly in an "agony of fear lest it find itself compelled to go to the people for justification of its acts." The more we think over the "dispassionate spectator" phrase, the more abominable it appears as an axiom of political philosophy. It is impossible indeed to associate the terms "public man" and "dispassionate spectator" as being embodied in the same person. A public man represents an idea, a policy, and hence so soon as he becomes a "dispassionate spectator," his virtue as a public man disappears. Instead of being the representative of hundreds, nay thousands, he is simply a fraction, and his opinions have but fractional weight. Whether a form of government be monarchical or democratic, somebody must lead, somebody must launch out a policy. As a matter of fact policies cannot come from the people. The function of the people is to pass judgment on policies. They employ men to invent policies for them. The government owe their existence to their supposed ability and willingness to invent policies, and to defend them. Suppose the Rev. Mr. STARR assembled his congregation of a Saturday night and demanded of them that they should furnish him the text for his Sunday sermon, and further, that they should lay down some general rules as to the manner of his treatment of it. May we suppose that in such a case his congregation would request him to denounce the evil ways of this city? No! His congregation would scarcely agree that their susceptibilities should be so trodden on. Some would be in favor of it, and some would not, and so they would split the difference by requesting him to preach on predestination. No public man can play the role of a "dispassionate spectator," for then he surrenders the quality which makes him a public man. No man or set of men can long sit on the fence and retain the confidence of the public as persons eminently adapted to meet the contingencies inseparable from the nature of the government; and the government has got to put itself on record as being something else than mere automatons. They are not supposed to pander, but to lead, and unless they succeed in comprehending this fact pretty shortly, they will find themselves with occupations gone. The people of this province have no use for a coterie of salaried "dispassionate spectators."

THE SALVATION ARMY.

ALBERT BARTSELL, a former member of the Salvation Army, has ventilated what he knows about that organization in a book entitled the "New Papacy, or Behind the Scenes in the Salvation Army." Mr. BARTSELL does not tell us why he deserted the Army, but we may infer from the nature of his criticism of that organization, that he found serving the Lord under its banner as arduous and unprofitable as under the direction of more conservative religious bodies. Mr. BARTSELL's strong point is that Gen. BOOTH is an autocrat, ruling the concern with a rod of iron; and further, that all of the fat places within the concern are filled by his relatives. The organization, he finds, is much more directed from London than is the Romish church from Rome; and he charges that there is almost no hope for high advancement in the Canadian Army for the Canadian officers and soldiers. Further that the Canadian army is subjected to unnecessary and even cruel deprivations, in consequence of the contributions of money exacted from them by headquarters. Any attempt on the part of subordinates to ascertain the disposition made of army moneys are frowned on and punished by the higher authorities. In a word, the army is in the hands of the BOOTH family, who rule it autocratically, and who make no pretence of accounting for the vast sums of money which constantly are falling into their hands. Such revelations as these, whether the echoes of a man honestly disgusted, or whether the result of a disappointed ambition, provided they are true, will grate not only on Gen. BOOTH's nerves, but on those of every well wisher of the religious cause. There is no question but that owing to the peculiar nature of the Salvation Army organization, its chief should find it necessary to exercise power autocratically. This army, recruited from the lower ranks of society, cannot be handled by the constitutional methods employed by other organizations. But making all allowance for the necessity of an arbitrary government, and even condemning Gen. BOOTH's partiality for his relations, he might at least condescend to account for the moneys which come into his hands. Gen. BOOTH cannot safely arrogate to himself a power transcending the laws of business. Business is business in the church as well as out of it. Venality exists everywhere. It may not be as potential a quality among church people as among those who make no pretensions to sanctity, still it exists among them and to prevent scandal Gen. BOOTH should employ a book-keeper. Scandals have attached themselves to every church and Mr. BARTSELL's expose is but a natural consequence. If he is a disappointed man, his revelations being the gall and wormwood of a person who joined the Salvationists as the preliminary to a sinecure, it will be possible to refute him. If, however, his revelations are the words of truth and soberness, though the Salvationists will be harmed, society will have derived an advantage. On the whole, we may regard Mr. BARTSELL's book as not inopportune. The Salvationists have run as long as they should without making public the nature of their inner government and the character of their pecuniary outlays.

EUROPEAN WAR.

A war cloud is again hovering over Europe. Russia, it is alleged, is becoming aggressive, and Austria's hair has turned all the wrong way. There are other nations involved in the anticipated hostilities. Germany and Italy probably will have to take a hand, which would involve without doubt France and England. There are people of the opinion that war is not altogether a calamity. As affecting individuals war unquestionably is as black as it is painted, but regarding it in a collective sense it is frequently productive of beneficial results. The remedy, it will be said, is worse than the disease, but if it is the only remedy it may as well be embraced first as last. Nobody on this side of the water cares a rap about the balance of power in Europe, still they would like to see matters in such a way in that country as to give the surplus population something to do. Food for powder! What a terrible alternative against over population; what a remedy against certain political ills. It is all wrong, but such is the nature of men that they had rather fight than subsidize an emigration scheme. It cannot be that the Czar seeks war for the sake of extending his territorial possessions. It is to divert attention from himself that he wants to fight. War gives employment to enormous quantities of men, wages are enhanced, and in fact times are good. Assassinations are not in order during war time. A Nihilist would probably accept a contract from the Czar as quickly as he would from the President of the United States. The Czar's safety undoubtedly lies in war, or in a condition so nearly verging on it as to insure industrial activity and thus promote an era of temporary prosperity at least.

EDITORIAL NOTES.

The United States wants Martin Burke. British Columbia wanted "Bull Dog" Kelly once for as foul a murder as ever was committed, and although an officer was sent to St. Paul the United States refused to give up Kelly. The cases are somewhat analogue.

The first execution by electricity will take place this week in New York, if no change is made in the present arrangements. The event, unfortunate as it may be, will be watched with interest as marking a new departure in criminal ethics.

The ways of capital are varied. A company has been formed in the east to undertake the executions of condemned criminals in any style, thus relieving sheriffs of what is considered "an unpleasant duty."

The Vancouver papers having grown weary of comparing Victoria and Vancouver's customs receipts, but ever alert to give this city a back-handed slap, might while away their time in comparing which of the two cities negotiates the better loan.

Toronto Mail: Mr. A. M. Stenhouse, the British Columbia legislator who abandoned politics to join the Mormon colony in Alberta, insists that his associates will practice polygamy if they like, and that the Dominion cannot prevent them doing so. Mr. Stenhouse is evidently not familiar with the state of our laws, though, as an ex-statesman, he should be. The Dominion is very particular on the marriage question. Pagan Indians alone escape prosecution for polygamy.

Trampled to Death.

Shanghai, June 21.—A fire which lasted four whole days has destroyed half of the important town of Ia-Chan, in the province of Sze-Chuen. The inhabitants were compelled to flee for their lives, and it is estimated that no less than 1,200 were killed, most of them being crushed to death while attempting to escape through the narrow and crooked streets. There are 10,000 people homeless. A fund has been started here for their relief.

—Joseph Busan, Percy, writes:—I was induced to try *Dr. Thomas' Eclectric Oil* for a lameness which troubled me for three or four years, and I found it the best article I ever tried. It has been a great blessing to me.

—The best time on record—Father Time.

—Ease by day and repose by night are enjoyed by those who are wise enough to apply *Dr. Thomas' Eclectric Oil* to their aching muscles and joints. A quantity easily held in the palm of the hand is often enough to relieve the most exquisite pain.

—Advices, like misfortunes, seldom, if ever, come singly.

—Mrs. M. Stephens, of Albany, N. Y., writes us as follows: "My strength was so weak that I could not eat anything sour or very sweet, even fruit at ten-time would cause Heartburn, fulness or oppression of the chest, short breath, restlessness during sleep, and frightful dreams of disagreeable sights, so that I would often dread to go to sleep. With the use of Northrop & Lyman's Vegetable Discovery this unpleasantness has all been removed, and I now eat what suits my taste or fancy."

—The "quick and the dead"—A slap and a mashed mosquito.

—THE THIN CANNOT GAIN IN WEIGHT if they are troubled with dyspepsia, because the food is not converted into the due proportion of nourishing blood which alone can furnish the elements of flesh. But there is no reason, when this wearing, attenuating disease is conquered by Northrop & Lyman's Vegetable Discovery, why there should not be an appreciable gain in weight, which indeed is usually the case. It is a peerless remedy also for Constipation, Liver Complaint, Kidney troubles, and roots out all impurities from the blood.

—Truth told now does not shame the devil, but as a novelty it attracts his attention.

And where they fell as certainly they slew."

was said of one of those ignorant doctors in the early times, who might well have been called the side-de-camp of death. The sufferer from scrofula, with sores as bad as Job's, need not now curse the day he was born, for Dr. Pierce's Golden Medical Discovery will restore health and beauty, appetite and strength. Especially has it manifested its potency in curing salt-rheum, tetter, boils, carbuncles, sore eyes, scrofulous sores and swellings, hip joint disease, white swellings, goitre, or thick neck, and enlarged glands.

VANCOUVER NEWS.

The National Holiday—Building—Steamships, Etc.

From our own Correspondent.)

Vancouver, June 25.—Nature's irrigating can besprinkled the city this morning, much to our delight and greatly to the satisfaction of our city fathers, who see no use for a street sprinkler but contend that Nature will care for us.

Building operations are making enormous strides. The extent of brick frontage now under contract on Cordova street alone is 671 feet, to say nothing about the large blocks that are being and to be erected on Hastings and Granville streets, as well as in other parts of the city.

Active preparations are being made for the Dominion Day celebration and a gala day is anticipated. The yachtsmen are all busy getting their boats in readiness for the regatta, and the oarsmen are training hard for the keen competition which they expect.

E. W. Johnston and D. H. Cameron have made a match for $300 a side to wrestle two hours, each contestant to have an hour of his favorite style, the man winning the most falls in the two hours to win the bet. The match will take place on the evening of July 1st.

The C. P. R. have sent out a party to bore for coal at English Bay. Much interest is being manifested in the movement.

Supt. Wilson, of the C. P. R. and Postal Telegraph systems, was in the city yesterday completing the necessary arrangements for the removal of himself and staff of assistants from New Westminster to Vancouver, which is to be the headquarters of these services henceforth. They will locate their head office in the New York Block, Granville street.

A telegram was sent from the Mayor's office yesterday to Col. McGregor, Glasgow, Scotland, now representing the line of steamers of which the late Sir Wm. Pearce was the head, to ask that the steamer Parthia, which is arranged to sail on Friday afternoon next, may be permitted to postpone her sailing until after the celebration, so that she may be used as a flagship for the occasion.

The steamship Parthia and the Islander were gaily bedecked with flags in honor of the marriage of Mr. H. E. Connor, district freight agent of the C. P. R., to Miss Janie Black, late of New Westminster, which took place this morning in St. James Church, the Rev. Mr. Clinton officiating. The happy couple leave for 'Frisco with the intention of spending their honeymoon in that sunny clime.

THE GREAT INTERIOR.

Items of Interest Gleaned From Donald Truth.

Foreman Henderson, of the Donald company, writes from the creek to-day: "The Discovery company working four men have struck a rich streak of ground, and expect at least 30 ounces in their clean-up. Our bedrock shaft is going down as rapidly as two shifts can send it." Twenty-four men are at work on the creek.

The people of Donald are beginning to realize that they must make some effort to extend their trade. The merchants claim they carry as good stocks as those of Kamloops or Calgary, and can undersell both points on many lines of goods used in mining camps, and the hotelkeepers say they have better accommodations for the travelling public than any town west of Winnipeg.

It is reported that the Anthracite Coal Company has again suspended operations at Anthracite, but that they intend to work their mines at Canmore.

Judge Walkem will hold court at Donald on Friday next under the Speedy Trials Act. The only case to be tried is that of the Italian, Leo, for stabbing a fellow-laborer at Moberly last winter.

Tom Adams, who in 1885 mined on a bar in the Columbia river about 6 miles west of Donald, is about to open up a slate quarry near Beaver. Mr. Adams is recently from the coal mines of Wellington, and says there is a market for roofing slate at Victoria and Vancouver.

Rosemond, Kirkpatrick & Co. have, at an expense of $500, cut a trail up Toby creek to their claims, and are now at work opening them up. If the leads prove good, and the surface showing indicates that they will, ore will be packed down to the Columbia river and shipped out for reduction.

There is a girl in Donald who has had 37 proposals of marriage and has accepted six of them. She would make a good Mormon.

The Cariboo Creek Mining Company is the most recent incorporation, under the provincial laws, in this section. The directors are David Woolsey of Illecillewaet, Thomas Forest of Donald, and A. Johnston Smith of Victoria. The office of the company is at Donald and the mine 7 miles east of Illecillewaet. The capital stock of the company is $10,000, divided into shares of $10. The company has six men at work on the mine, who have a shaft down 22 feet on the ledge, and said to be in good ore.

MR. STARR'S REFORMS.

To the Editor of the Times:

Sir—The Rev. Mr. Starr should recollect that there are laws in this city against drunkenness, indecency, and in fact I may say against all forms of immorality; and that these laws are constantly being enforced, as the police records will testify. Mr. Starr surely knows that prohibition does not prohibit any more than the law against theft prevents stealing. Further, all experience shows that laws regarding the observance of the Sabbath beyond a certain point cannot be made operative. Public opinion is widely divergent as to the way the Sabbath may be employed. At all events more stringent laws regulating venial offences, which seem to be Mr. Starr's animus, would be superfluous. Connecticut blue laws were abandoned because it was discovered that they could not be enforced. In this country a law to be effective must have the concurrence of the people, and I feel assured that it would be impossible to carry out the reforms as proposed by the reverend gentleman. At all event it is the people, and not the administrators of the law, who must be appealed to. Our city functionaries are but the instruments of reform, not the exemplars of it. It does not begin in the police court, but in the family circle. It is not the police department which needs reforming, but society. Temperance.

SEWERAGE SYSTEM.

To the Editor of the Times:

Sir,—I notice in last week's report of the council proceedings, the aldermen have decided to vote $700 to pay the expenses of Mr. Pickering's visit to Victoria. I must say they are getting very liberal with the public funds. Have not Pickering & Co. been paid over $5,000 already for their plans and expenses. This has been commented upon by engineers as being a large sum for what he has already done. But the question is now asked by many, "what is the $700 additional for"? I noticed a letter from Mr. Pickering, asking a sum to be placed for his expenses. Now, why should such a sum be voted? Has not Mr. Pickering been here before, and advocated and explained his plans; did he not write the Mayor and City Clerk, both by public and private letters, in explanation and advocacy of his scheme? Besides this, no doubt private parties have been in correspondence with him in reference to his plans and the carrying out of the same. I cannot see why the public money should be devoted for paying the expenses of a man whose plans have not yet been adopted. It looks very much like paying a man's way in order that he may advocate his own scheme, or in other words, blow his own horn. The people declared once before that his plans were not wanted, and that should be sufficient guide for the present Aldermen in this matter. No, it looks very much like that they must have their ideas forced upon the ratepayers whether we are willing or not. The people are about as well able to judge as to the question of sewerage as the majority of the Aldermen and they will assert their rights when it comes to a vote. Yea! nor will they be so changeable as the majority of our Aldermen have been on this question of late. "Victoria."

Rev. Talmage.

Mr. Brand, the agent for the syndicate controlling Rev. Dr. Talmage's lectures, was in Winnipeg last Thursday. He made proposals to the Y. M. C. A. for one or two lectures by the doctor in that city, the dates to be August 2nd, or August 2nd and 3rd. About the time in question he will be making a trip to the Pacific coast. After speaking in Minneapolis and St. Paul, a divergence to Winnipeg is proposed.

The Leper Settlement at Molokia

Father Callaghan, of Castle Garden, who some time ago sent to the leper settlement at Molokia several cases of clothing, has received a letter from Father Wendelin, the successor of Father Damien, thanking him for the gifts. Father Wendelin says he has not as yet experienced any indications of the dread malady, but that the disease has stricken down his assistant, Father Conrody. The five Sisters of Mercy sent to the settlement from Syracuse are reported as doing well.

A BY-LAW

To provide for the payment of Assistant Assessors.

WHEREAS ON THE 17TH DAY OF APRIL, A. D. 1889, Wm. Dalby, Wm. W. Northcote and E. Dickinson were elected and appointed to assist the Assessor of the City of Victoria in his duties;

Be it therefore enacted by the Council of the Corporation of the City of Victoria as follows:

1. Each of them, the said Wm. Dalby, William W. Northcote and E. Dickinson, shall be paid for his services as such Assistant Assessor at the rate of $1 for every entire hour during which he was actually engaged in his duties as an Assistant Assessor as aforesaid.

2. This By-Law may be cited as "The Assistant Assessors' By-Law, 1889."

Passed the Municipal Council the 15th day of May, A. D. 1889. Reconsidered and finally passed the Council this 14th day of June, A. D. 1889.

WELLINGTON J. DOWLER, C.M.C. jn15-tf

LOAN BY-LAW.

WHEREAS, THE MUNICIPAL COUNCIL of the corporation of the City of Victoria, has resolved to raise by way of a loan the sum of $15,000, to be expended in street and bridge improvements in said city and in enlarging the area of Ross Bay Cemetery.

And whereas it will require the sum of $2,189 to be raised annually by special rate for the payment of said debt and interest as hereinafter mentioned.

And whereas, as the amount of the whole rateable property of the said corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,788,000 irrespective of any future increase of the rateable property of the municipality, and of any income in the nature of tolls, interest or dividends from the work, and also irrespective of any income from the temporary investments of the sinking fund or any part thereof.

And whereas, for paying the interest and creating an equal yearly sinking fund for paying the said principal sum of $15,000, and interest as hereinafter mentioned, it will require an equal annual special rate of one-eighteenth of one per cent. on the dollar.

And whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Therefore, be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria:

1. That it shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $15,000, and cause the same to be paid to the treasurer of the said corporation for the purposes and with the objects following, that is to say, to be expended in alterations, additions and improvements as follows:

Rock Bay Bridge.
Work Street.
Pandora Street extension.
Third Street extension.
Fernwood Road.
Yates Street.
Broad Street.
Blanchard Street extension.
Wharf Street for sanitary purposes.
Ross Bay Cemetery.
Ontario Street.
Dallas Road.
Catherine Street and other streets.

2. That it shall be lawful for the said Mayor to issue any number of debentures to be made for such sums of money as may be required for not less than $1,000 each, and that the said debentures shall be sealed with the seal of the said corporation of the City of Victoria and be signed by the Mayor.

3. That the said debentures shall be made payable in 20 years from the day hereinafter mentioned for this by-law to take effect, at the office of the treasurer of the corporation of the said city of Victoria, and shall have attached to them coupons for the payment of the interest.

4. That the said debentures shall bear interest at and after the rate of five per cent. per annum from the date thereof, which interest shall be payable yearly at the office of the treasurer of the said corporation.

5. That for the purpose of forming a sinking fund for the payment of the said debentures and the interest at the rate aforesaid to become due thereon, an equal special rate of one-eighteenth of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all rateable property in the said municipality during the continuance of the said debentures or any of them.

6. That it shall be lawful for the said municipal council from time to time to purchase any of the said debentures and such debentures shall be so expressed as to entitle the said council to redeem and purchase same on paying the amount thereof and interest due thereon to the date of such purchase to the holder or holders thereof, and all debentures so re-purchased shall be forthwith cancelled and destroyed, and no re-issue of debentures shall be made in consequence of such re-purchase.

This by-law shall take effect upon the 28th day of June, A. D. 1889.

This by law may be cited as "The Forty-Five Thousand Dollar Loan By-Law, 1889."

Passed the Municipal Council the 22nd day of May, A. D. 1889.

Received the assent of the ratepayers the 11th day of June, A. D. 1889.

Reconsidered and finally passed the Council this 14th day of June, A. D. 1889.

The Mayor's Remuneration By-Law

Whereas under and by virtue of the Municipal Act, 1889, it is enacted that the Council of every Municipality may from time to time make, alter or repeal By-Laws for (inter alia) paying the Mayor out of the annual revenue a sum of money not exceeding $2000;

Be it therefore enacted by the Municipal Council of the Corporation of the City of Victoria as follows:—

1. There shall be paid to the Mayor for the time being of the said City of Victoria out of the annual revenue of the said City the sum of two thousand dollars ($2000.00).

2. This By-Law may be cited for all purposes as the "Mayor's Remuneration By-Law, 1889."

Passed the Municipal Council, the 23rd day of May, A. D. 1889.

Reconsidered and finally passed the Council, the 12th day of June, A. D. 1889.

The Street Railway Guarantee By-Law, 1889.

WHEREAS, BY A BY-LAW ENTITLED THE "Street Railway By-law, 1888," passed by the Corporation of the City of Victoria on the 5th day of December, A. D. 1888, a charter or franchise was granted by the Mayor and Board of Aldermen of the said City of Victoria, to J. Douglas Warren, Andrew Gray, David W. Higgins, Joseph Hunter and Thomas Shotbolt, to lay tracks, erect poles and string wires thereon for motor, lighting and other electrical purposes.

And whereas, the said J. Douglas Warren, Andrew Gray, D. W. Higgins, Joseph Hunter and Thomas Shotbolt have since assigned all their right, title and interest in and to the said charter or franchise, through the Honorable John Herbert Turner as Trustee, to a company incorporated and known as the National Electric Tramway and Lighting Company, limited liability.

And whereas, the said National Electric Tramway and Lighting Company, limited liability, is desirous of proceeding to completion the work contemplated and provided for by the said charter of franchise, and have applied to the Corporation of the City of Victoria for aid. In order that the said works may be speedily constructed and put in operation.

And whereas, it is expedient to grant the prayer of the said company for such aid by a guarantee of interest at the rate of five (5) per cent. per annum for a period of twenty years on the sum of forty thousand dollars ($40,000), for a part of the undertaking contemplated by said company, namely, for the purpose of constructing and equipping a Street Tramway or Railway.

And whereas it will require the sum of two thousand dollars ($2000) to be raised annually by special rate for the payment of said interest, in the event of the said corporation being called upon to pay the same;

And whereas the amount of the whole rateable property of the said Corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888 was $5,788,445.00, irrespective of any future increase of the rateable property of the municipality and of any income in the nature of tolls, interest, or dividends from the work, or from any stock, share or interest in the work upon which the money so to be raised or any part thereof is intended to be invested, and also irrespective of any income from the temporary investment of the sinking fund or any part thereof.

And whereas for paying the said interest (in case as aforesaid) it will require an equal annual special rate of one twenty-eighth of one per cent. on the dollar;

And whereas it is intended to reduce the general rate so that the special rate shall not increase the total rate of taxation.

Therefore be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria as follows:

1. That the Corporation of the City of Victoria shall guarantee interest at the rate of five per cent. per annum on the bonds of the said National Electric Tramway and Lighting Company, limited liability, to the amount of forty thousand dollars ($40,000) for a period of twenty years from the date of said guarantee in manner following, namely:

2. When it shall have been shown to the satisfaction of the Corporation of the City of Victoria that fifteen thousand dollars ($15,000) of the capital stock of the said Company has been paid up by the subscribers thereto and bona fide expended in and towards the construction of a street railway in said city by said company according to their charter, the said corporation shall guarantee interest at the rate of five per cent. per annum on a first issue of bonds of the said company to the amount of fifteen thousand dollars ($15,000), the interest so guaranteed to be paid half-yearly.

3. When it shall have been shown to the satisfaction of the said corporation that a further sum of fifteen thousand dollars ($15,000) of the capital stock of the said company has been paid up by the shareholders thereof and a sum of at least forty-five thousand dollars ($45,000) has been bona fide expended in and towards the construction of a street railway in said city by the said company, the said corporation shall further guarantee interest at the rate of five per centum per annum on a further issue of bonds to the amount of fifteen thousand dollars ($15,000) for a period of twenty years from the date of such guarantee, the interest so guaranteed to be payable half yearly.

4. When it shall have been shown to the satisfaction of the said corporation that a further sum of ten thousand dollars ($10,000) of the capital stock of the said company has been paid up by the shareholders thereof and that a sum of at least seventy thousand dollars ($70,000) has been bona fide expended by the company in and towards the construction of a street railway aforesaid, the said corporation shall further guarantee interest at the rate of five per centum per annum on a further and final issue by the said company of bonds to the amount of ten thousand dollars ($10,000) for a period of twenty years from the date of such guarantee, the interest so guaranteed to be payable half-yearly, the proceeds of this last issue of bonds to be expended as aforesaid.

5. The liability the said corporation shall not extend beyond the guarantee of interest at the rate of five per centum per annum as aforesaid.

6. The guarantee is subject to the conditions that the said corporation shall have the right to appoint one or more auditors to examine the books of the said company, and shall have the further right to a representative on the board of directors of the said company during the whole period of the continuance of this guarantee, such representative to be nominated by the said corporation.

7. Any sum or sums of money so paid by the said corporation under its guarantee or guarantees as aforesaid shall be a first charge upon all the property and undertaking of the said company present and future, and shall form a part of the consideration for this guarantee and shall be payable and paid to the said corporation by the said company before any dividend shall have been paid to the shareholders thereof.

8. The acceptance by said company of the benefit of this guarantee shall be conclusive evidence of the assent of said company to the foregoing clause of this by-law.

9. The form of bonds to be issued by said company to be approved of by said corporation before any liability under this guarantee attaches.

10. This by-law and the liability of the said corporation is subject to the condition that the moneys expended by the company to obtain the benefit of this guarantee and the moneys obtained from the proceeds of the bonds in respect of which interest is guaranteed by said corporation shall be bona fide expended by said company in and towards the construction of a street railway and for no other purpose.

11. That for the purpose of forming a sinking fund for the payment of said interest an equal special rate of one twenty-eighth of one per cent., on the dollar shall be raised levied and collected in each year in case said corporation be called upon to pay same upon all rateable property in the said municipality during the continuance of this guarantee.

12. This by-law shall take effect on the 28th day of June, 1889.

13. This by-law may be cited for all purposes as "The Street Railway Guarantee By-law, 1889."

Passed the Municipal Council the 22nd day of May, A. D. 1889.

Received the assent of the ratepayers the 11th day of June, A. D. 1889.

Reconsidered and finally passed the Council this 12th day of June, A. D. 1889.

THE BRITISH COLUMBIA FIRE INSURANCE COMPANY.

TAKES RISKS ON THE CASH OR MUTUAL PLANS.

As this is a Home Company, organized by British Columbians for the two-fold purpose of giving cheap insurance and keeping the money in this Province, it commends itself to the support of every insurer desiring the prosperity of this country.

In Ontario, the system of insurance, which is similar to that adopted by this Company, has been in highly successful operation for the past fifty years and it has proved to be a great advantage to every insurer in it, by reducing the cost of insurance, and it is estimated that now three-fourths of the insurance effected in Ontario is carried by mutual companies.

DETECTIVES' MISTAKES.

Arrest of an Old Gentleman on a Charge of Forgery.

About 6 o'clock on Tuesday evening three detectives were noticed on Pandoria avenue, near the First Presbyterian Church. The two local Hawkshaws were in company with a detective from Iowa and the game after which they were in search was a man from Sioux City who forged a draft for the sum of $8,000. In a short time the detectives proceeded to a residence on Pandora street and asked for a gentleman who was residing with his wife and child in the house. The gentleman appeared and was told that he was wanted on a charge of forgery. The gentleman asked for a description of the man wanted and was told that the forger was 5 feet 10 inches in height; his weight was 175 pounds; he wore reddish whiskers and a white hat. The gentleman was five feet six inches high; he weighed 130 pounds, and did not resemble in any manner the description. When the stranger was taken to Supt Bowcroft's office he was immediately allowed to go. The mistake made was unaccountable and the lesson learned by the detectives will undoubtedly be a warning to them in future. The stranger was justly indignant on account of such a charge being preferred against him in strange city. He will not take any action, wishing to remain in the city in a quiet manner.

During this afternoon W. C. Davenport, of Sioux City, Iowa, called at THE TIMES office, and stated that the gentleman resembled the man wanted in every particular. He was about the same age, but there was a slight difference in the height and weight. The gentleman was asked to walk down to Supt. Bowcraft's office, and as soon as he explained the questions asked, he returned to his residence. The man wanted is named Simpson; he forged a draft on the Sioux City Savings Bank for $8,000, and received $4,560 in cash and deposited the balance in the Savings Bank, payable in six months. He left Sioux City on April 9th, and was not heard of again until news was received that a gentlemen bearing a resemblance to him was in Victoria. The mistake was explained in a very satisfactory manner.

POLICE COURT.

(Before Hon. A. N. Richards, Q. C.)

Daniel Sullivan, an Adamite relation of the great John L., was charged with indulging too freely in "Paddy's eye water." Fined $5.

Mary Burns, arrested on a charge of vagrancy. The woman said she was in possession of $100 and would leave the city.

Supt. Sheppard said he would ask to allow the woman out on her own recognizance. She was a nuisance and it would be a good thing for the city if she was allowed to leave for American territory, where she belonged.

The woman produced $75 in gold and the charge of vagrancy was dismissed.

Dominick Passanero was charged with infracting the Building By-law by raising a wooden building in Waddington Alley.

W. J. Taylor appeared for the prosecution.

The defendant produced a communication signed by the city surveyor giving permision to make the necessary alterations.

Mr. Leosh said the defendant asked to be allowed to make alterations to a wooden building; the alterations made did not increase the fire risk or add to the permanency of the building.

Mr. Taylor decided to withdraw the information.

Nanaimo Relief Fund.

The *Courier* says: A meeting of the General Committee was held last evening in the Council Chamber, the President of the fund, Mayor Bate, being in the chair. Among those present were S. M. Robbins, Treas.; Dr. E. H. Prager, Sec.; Geo. Norris, Jas. Harvey, Ald. Hilbert, Ald. Mahrer, J. Pawson, Donald Smith, B. H. Smith and Geo. Cruickshank. The Treasurer's statement of accounts, audited by Geo. Cruickshank and B. H. Smith, was of a most favorable character. The balance carried forward from last year was $49,589, and there had been received in addition $5,000 from the Provincial Government; $251 interest on deposit bond redeemed, and $484 repaid by widows for advances, making a total of $55,325. To the credit of the Relief Committee there were the following amounts, viz: Monthly and special allowances $8,946, and postage $10, leaving a balance in hand of $46,338.

The Kootenay Star

The first number of the Kootenay *Star* is to hand. It is published at Revelstoke, weekly. The editor, H. McCutcheon, candidly confesses it is not published "to fill a long felt want," but is purely a business enterprize.

Casualty Up North.

Mr. Wesley Huson has received word in a private letter from Alert Bay of the drowning of an old man named J. H. Coon, by the upsetting of a boat on the Northern coast. The deceased was an old timer, a German by birth and about 60 years of age.

Judge Sproat to Retire

It is the intention of Mr. Sproat, of Revelstoke, at an early date, to retire from the offices he now holds that are inconsistent with his attention to private land and mining affairs, and in future, to carry on at Farwell and Nelson the business of mining broker, land agent and conveyancer.

Dry Dock Echoes.

The American tug Mastic is leisurely undergoing repairs in the dry dock and will not come out for several days.

The next vessels to enter are the C.P.N. steamers Islander and Premier. The Islander will not go in until the Yosemite is ready for service, which will be within ten days.

Supreme Lodge A. O. U. W.

From the annual report of the Supreme Recorder of the Supreme Lodge A. O. U. W. we learn the following facts: Number admitted for fiscal year, 31,209; number of deaths for fiscal year, 2,012; membership for 1888, 215,195; increase of membership, 16,943; amount paid on death losses, $3,985,088.00; amount paid on death losses since organized, $24,489,927.00; average number of assessments for year, 18½.

Officers Installed.

At the yearly meeting of Young Men's Institute No. 85, held last evening, the following officers were installed by Institute Organizer Bro. Alex. McDonald: President, Geo. Madigan; First Vice President, F. H. Lang; Second Vice President, Geo. Tribe; Recording Secretary, T. Roarke, Corresponding Secretary, Frank J. McDonald; Treasdrer, W. H. Harris; Marshal, T. McManus. The delegates selected to represent Institute No. 85 at the Grand Council meeting to be held at Oakland, California, on August 28th, were Frank J. McDonald and Joseph Ahern.

Marine Notes.

The steamer Princess Louise, Commodore Irving, left for Seattle last night at 9:30 with the Crocker party on board.

The tug Pilot having been repaired, came off the Star ways last evening.

The Isabel will be hauled on the Star ways this evening for repairs.

The steamship City of Topeka sailed from San Francisco yesterday for Portland and will at once go on the Portland-B. C. route.

The captain of the collier Wellington reported seeing the Titania in the Straits yesterday. It proved, however, to be the Dashing Wave.

The steamship Danube, from Vancouver, to-day unloaded about 200 tons Chinese freight and left again for Portland, for which port she has a full cargo.

The Union Mines.

The Crocker party made a brief inspection of the Union Mines, Comox, on Monday and were satisfied with the outlook. Already there are 10,000 tons of coal mined, and the collier San Mateo was loading the day the party were there and expected to load 4500 tons. Work is to be vigorously prosecuted until an output approximating 50,000 tons per month is reached. It is understood the fleet of colliers is to be augmented as soon as possible. The coal is of splendid quality for steaming and is to be used more extensively by the Southern Pacific Railway than formerly now that satisfactory arrangements have been perfected. The S. P. R. R. have found the question of coal a cancer in their finances, using some 1600 tons per day on their lines contiguous to San Francisco, and this of a quality inferior to the Union Mines product.

The Uses of the Park.

In reply to Mr. F. Joseph Spencer, as to the proper uses of the park, a reader suggests that the answer is best given in an article appearing in THE TIMES on the 11th of February last, entitled "A Dream of Victoria." In the article the following occurs: "The grounds are for the recreation of the public. They are maintained from the public purse, and are the resort of all classes. Here the aristocrat, the wealthy merchant, the prosperous tradesman and the poor employee, meet on terms of equal enjoyment and freedom—each in his own way—with their wives and families. *Everyone is regardful of the enjoyment of those about him.* There is no breach of good manners, no unseemly conduct, no abuse of the proprieties of the place." People who wish to use the park for preaching and lecturing should consider whether, in so doing, they are "regardful of the enjoyment of those about them." Besides, it is a mighty poor cause which cannot afford to pay for a hall.

Difficult of Solution.

The Victoria correspondent of a Vancouver paper propounds a riddle that puts the "Pigs in the Clover" puzzle on the shelf. He says: "An extraordinary scene occurred in Rev. Mr. Starr's church last evening. The reverend gentleman is preaching a series of local sermons. During the course of his remarks he referred to the suicide of a young woman on Sunday morning and said he supposed the press would publish the particulars of the tragic affair. If they published the name of the girl they should also publish the names of the young men connected with the affair. Newspapers should not, because of any high connection these men have, suppress their identity. At this the congregation applauded the minister by clapping their hands, etc. This sets your correspondent wondering if names were injudiciously used by newspapers before they came into court, and libel suits followed and, owing to the newspapers not being able to produce evidence sufficient to convince a jury, a verdict was given for the plaintiff, how much of the damages and costs would these applauders pay?"

The Honolulu Cable.

A train of freight cars arrived at Vancouver on Sunday with forty miles of cable consigned to Bartholomew & Baker, from the Gutta Percha Co., New York. The cable is now being transferred to the schoonse C. H. Topper, for transportation to the Hawaiian Islands. Mr. Bartholomew, who has been in Victoria for several months awaiting the arrival of the cable, is superintending the loading of the schooner. He is a resident of Honolulu and is superintendent and part owner of the company. The other member is Mr. E. Crow Baker. The company has secured the sole concession for 10 years and a substantial cash subsidy from the Hawaiian Government, and will lay 400 miles of cable, connecting the five principal islands of the group, for the first section of which, 40 miles, the cable has arrived and will be laid forthwith. The telephone systems of which these islands, with a population of 100,000, have the finest and most perfect in the world, will be connected with the capital by this cable when completed, and the following cities: Honolulu, Wailuku, Spreckleaville, Hilo, and Hauslei. Operations will begin at Honolulu and the line will be laid overland to Koko Bay, and thence by submarine cable will be connected with a western point of the island of Malakai.

took their seats at the opening was particularly noticeable. The signal having been given to assemble they marched in single file to the tune of "Marching Through Georgia," and after circling around the room, "broke away" in sections and walked up the aisles to their seats with the precision of trained troops. It was a very nice performance. The senior classes were then examined by Miss Cameron in grammar, in which they acquitted themselves very cleverly, as might be said of them during the readering of the whole programme. At the conclusion of the programme the prizes were presented by the Hon. Mr. Robson with a few words of congratulation. Short speeches were then made by Rev. D. Fraser, Trustee Hayward, Wolfenden, Heisterman and Erskine, Supt. Pope and Hon. Mr. Robson, all being unanimous and unsparing in their praise of the work performed by the teacher during the time the school had been in her charge. The Minister of Education emphasized the compliments by saying that the department regretted losing so valuable a teacher.

Before the dismissing of the school a very pleasing incident took place. On behalf of the children of the school, Trustee Erskine presented Miss Gowen with a beautiful silver ornet stand, accompanied by the following address:

Dear Miss Gowen,—

"We, the undersigned pupils of the Hillside ward school, learning of your being about to sever your connection with our school, cannot allow you to leave us without expressing our heartfelt sorrow at losing so patient, kind and diligent a teacher. We have ever received careful training at your hands and many of our early school days under your tuition we shall remember with pleasure throughout life.

"We ask your acceptance of the accompanying small token of esteem, not on account of its intrinsic worth but as a remembrance of us and the years you have spent as our teacher.

"In the new sphere of life which you are soon to occupy we wish for you every blessing and unalloyed happiness. Signed by thirty of the pupils."
